This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term.

SEPTEMBER, 1864, to FEBRUARY, 1865.

New York:
MACOY & HERWIG, STATIONERS,
No. 114 Broadway.
1865.

THE NEW YORK
PUBLIC LIBRARY
148664
ASTOR, LENOX AND
TILDEN FOUNDATIONS
1902

FIRST ACADEMIC TERM.

SEPTEMBER, 1864, TO FEBRUARY, 1865.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

HORACE WEBSTER,

President of the Faculty.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term.

FEBRUARY TO JULY, 1865.

New York:
C. S. WESTCOTT & CO., PRINTERS,
No. 79 John Street.

1865.

SECOND ACADEMIC TERM.

FEBRUARY TO JULY, 1865.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum..... 5260

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term.

JULY, 1865, TO FEBRUARY, 1866.

New York:
C. S. WESTCOTT & CO., PRINTERS,
No. 79 John Street.

1866.

FIRST ACADEMIC TERM.

JULY, 1865, TO FEBRUARY, 1866.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum..... 5295

HORACE WEBSTER,

President of the Faculty.

MERIT ROLL

OF THE

COLLEGE OF THE CITY OF NEW YORK,

Second Academic Term.

FEBRUARY TO JULY, 1866.

New York:

1866.

SECOND ACADEMIC TERM.

FEBRUARY TO JULY, 1866.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5130.

HORACE WEBSTER,

President.

MERIT ROLL

OF THE

College of the City of New York,

First Academic Term.

JULY, 1866, TO FEBRUARY, 1867.

New York:
1867.

FIRST ACADEMIC TERM.

JULY, 1866, TO FEBRUARY, 1867.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six tenths of the maximum of study.

And all Students, the total of whose marks fall below this last sum, rank low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5,250.

HORACE WEBSTER,

President.

MERIT ROLL

OF THE

COLLEGE OF THE CITY OF NEW YORK,

Second Academic Term.

FEBRUARY TO JULY 1867

New York:

1867.

SECOND ACADEMIC TERM.

FEBRUARY TO JULY, 1867.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all students, the total of whose marks falls below this last sum, rank low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

MERIT ROLL

OF THE

COLLEGE OF THE CITY OF NEW YORK,

First Academic Term.

JULY, 1867, TO FEBRUARY, 1868.

New York:

1868.

FIRST ACADEMIC TERM.

July, 1867 to February, 1868.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all students, the total of whose marks falls below this last sum, rank low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5000.

President.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK

Second Academic Term.

FEBRUARY, 1868, TO JULY, 1868.

New York.

1868.

SECOND ACADEMIC TERM.

February, 1868, to July, 1868.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

HORACE WEBSTER,

President.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK.

First Academic Term.

JULY, 1868, TO FEBRUARY, 1869.

New York.

1869.

FIRST ACADEMIC TERM.

July, 1868, to February, 1869.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct, together, equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5100

HORACE WEBSTER, President.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK.

Second Academic Term.

FEBRUARY, 1869, TO JULY, 1869.

New York.

1869.

SECOND ACADEMIC TERM.

February, 1869, to July, 1869

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5445.

HORACE WEBSTER,
President.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK.

First Academic Term.

JULY, 1869, TO FEBRUARY, 1870.

New York:
S. ANGELL, PRINTER, 410 FOURTH AVENUE.
1870.

FIRST ACADEMIC TERM.

July, 1869, to February, 1870.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct, together, equals or exceeds nine-tenths of the maximum.

All Students rank Good, the total of whose marks equals or exceeds six-tenths of the maximum.

The remaining students rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum,.....5750.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK.

Second Academic Term.

FEBRUARY, 1870, TO JUNE, 1870.

NEW YORK:
THE NEW YORK PRINTING COMPANY, 81, 83, AND 85 CENTRE STREET.

1870.

SECOND ACADEMIC TERM.

February, 1870, to June, 1870.

(Abstract from By-Laws of the Board of Trustees.)

§ 41. There shall be made up, immediately after each examination, a Merit Roll of each class, and each student shall be ranked on the roll as he may approach most nearly to the maximum of his class, which shall be ascertained by adding to the maximum for examination the maximum for conduct.

The examination maximum in each subject is ascertained by multiplying the number of recitations a week in that subject by one hundred.

The maximum of conduct shall be two hundred, and the conduct mark of each student shall be determined by deducting from such maximum all his demerit marks.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High the total of whose marks in study and conduct, together, equals the maximum for conduct plus nine tenths of the maximum for examination.

All Students rank Good the total of whose marks equals the maximum for conduct plus six tenths of the maximum for examination.

The remaining students rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

MERIT ROLL

OF

THE COLLEGE

OF THE

CITY OF NEW YORK.

SECOND ACADEMIC TERM.

February, 1871, to June, 1871.

NEW YORK:

EVENING POST STEAM PRESSES, 41 NASSAU STREET, CORNER LIBERTY.

1872.

SECOND ACADEMIC TERM.

February, 1871, to June, 1871.

(Abstract from By-Laws of the Board of Trustees.)

§ 41. There shall be made up, immediately after each examination, a Merit Roll of each class, and each student shall be ranked on the roll as he may approach most nearly to the maximum of his class, which shall be ascertained by adding to the maximum for examination the maximum for conduct.

§ 42. On the Merit Roll the Students shall be classed as Highest, High, Good, and Low.

1. The Student who has the greatest number of marks shall be classed Highest.

2. Those students shall be classed High the total of whose marks equals or exceeds nine tenths of the maximum.

3. Those students shall be classed Good the total of whose marks equals or exceeds six tenths of the maximum.

4. The remaining students shall be classed Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

The following system of marks, examinations, and promotions, adopted at a meeting of the Faculty in February, 1870, and confirmed at a subsequent meeting on the 26th of September, 1870, was made the basis of the course to be pursued at future examinations in the College:

1. Recitations and other exercises shall be marked, and the marks exhibited semi-monthly, as heretofore. The marks will indicate to the student and to the Faculty the instructors' opinions of each student's application and success; but they shall not be counted in the determination of proficiency and standing.

2. Immediately before the examination, the instructors shall report to the Faculty those students whose term-marks are below six tenths of the maximum.

3. The examination-maximum in each subject shall be one hundred, taken as many times as there may have been recitations a week in that subject during the term.

4. In each subject the examination shall be, partly at least, in writing.

5. Every student who, at the examination, may have received less than five tenths of the maximum in any study, shall be rated deficient in that study.

6. If any student receive from his instructor less than five tenths of the examination-maximum, without having been reported as below six tenths during the term, or if any student, so reported, be marked five tenths or more at the examination, his case shall be referred to a committee of three instructors, to be appointed by the President. This committee shall consider the student's papers, and may re-examine him through his instructors; it shall confirm or correct the mark first given, and its report shall be final.

7. No student who may be rated as deficient in more than two studies shall be permitted to advance with his class.

8. No such student shall be permitted to go back into the next class if he have seventy-five demerits, or if the Faculty deem him unable to master the course of that class by going over it a second time.

9. The cases of students who may be deficient in one subject, or in two subjects, shall be considered individually by the Faculty; and it shall be the duty of each Professor to call the attention of the Faculty to every student who may be very deficient in his department, in order that the Faculty may determine whether he shall be permitted to advance.

MERIT ROLL

OF

THE COLLEGE

OF THE

City of New York,

SECOND ACADEMIC TERM.

February, 1872, to June, 1872.

New York.

1873.

G. P. PUTNAM'S SONS,

FOURTH AVENUE AND TWENTY-THIRD STREET

Second Academic Term

FEBRUARY, 1872, TO JUNE, 1872.

(Abstract from By-Laws of the Board of Trustees.)

§ 41. There shall be made up, immediately after each examination, a Merit Roll of each class, and each student shall be ranked on the roll as he may approach most nearly to the maximum of his class, which shall be ascertained by adding to the maximum for examination the maximum for conduct.

§ 42. On the Merit Roll the Students shall be classed as Highest, High, Good, and Low.

1. The student who has the greatest number of marks shall be classed Highest.

2. Those students shall be classed High the total of whose marks equals or exceeds nine-tenths of the maximum.

3. Those students shall be classed Good the total of whose marks equals or exceeds six-tenths of the maximum.

4. The remaining students shall be classed Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

The following system of marks, examinations and promotions, adopted at a meeting of the Faculty, in February, 1870, and confirmed at a subsequent meeting, on the 26th of September, 1870, was made the basis of the course to be pursued at future examinations in the College:

1. Recitations and other exercises shall be marked, and the marks exhibited semi-monthly, as heretofore. The marks will indicate to the student and to the Faculty the instructors' opinions of each student's application and success; but they shall not be counted in the determination of proficiency and standing.

2. Immediately before the examination, the instructors shall report to the Faculty those students whose term-marks are below six-tenths of the maximum.

3. The examination-maximum in each subject shall be one hundred, taken as many times as there may have been recitations a week in that subject during the term.

4. In each subject the examination shall be, partly at least, in writing.

5. Every student who, at the examination, may have received less than five-tenths of the maximum in any study, shall be rated deficient in that study.

6. If any student receive from his instructor less than five-tenths of the examination-maximum, without having been reported as below six-tenths during the term, or if any student, so reported, be marked five-tenths or more at the examination, his case shall be referred to a committee of three instructors, to be appointed by the President. This committee shall consider the student's papers, and may re-examine him through his instructors; it shall confirm or correct the mark first given, and its report shall be final.

7. No student who may be rated as deficient in more than two studies shall be permitted to advance with his class.

8. No such student shall be permitted to go back into the next class if he have seventy-five demerits, or if the Faculty deem him unable to master the course of that class by going over it a second time.

9. The cases of students who may be deficient in one subject, or in two subjects, shall be considered individually by the Faculty; and it shall be the duty of each Professor to call the attention of the Faculty to every student who may be very deficient in his department, in order that the Faculty may determine whether he shall be permitted to advance.

Senior Class.

Maximum 2300

MERIT ROLL

OF

THE COLLEGE

OF THE

City of New York,

FIRST AND SECOND COLLEGIATE TERMS.

September, 1872, to June, 1873.

New York.

1873.

G. P. PUTNAM'S SONS,

FOURTH AVENUE AND TWENTY-THIRD STREET

COLLEGIATE YEAR.

SEPTEMBER, 1872, TO JUNE, 1873.

(Abstract from By-Laws of the Board of Trustees.)

§ 41. There shall be made up, immediately after the examination, a Merit Roll of each class, and each student shall be ranked on the roll as he may approach most nearly to the maximum of his class, which shall be ascertained by adding to the maximum for examination the maximum for conduct.

§ 42. On the Merit Roll the Students shall be classed as Highest, High, Good, and Low.

1. The student who has the greatest number of marks shall be classed Highest.

2. Those students shall be classed High the total of whose marks equals or exceeds nine-tenths of the maximum.

3. Those students shall be classed Good the total of whose marks equals or exceeds six-tenths of the maximum.

4. The remaining students shall be classed Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

The following system of marks, examinations and promotions, adopted at a meeting of the Faculty, in February, 1870, and confirmed at a subsequent meeting, on the 26th of September, 1870, was made the basis of the course to be pursued at future examinations in the College:

1. Recitations and other exercises shall be marked, and the marks exhibited semi-monthly, as heretofore. The marks will indicate to the student and to the Faculty the instructors' opinions of each student's application and success; but they shall not be counted in the determination of proficiency and standing.

2. Immediately before the examination, the instructors shall report to the Faculty those students whose term-marks are below six-tenths of the maximum.

3. The examination-maximum in each subject shall be one hundred, taken as many times as there may have been recitations a week in that subject during the term.

4. In each subject the examination shall be, partly at least, in writing.

5. Every student who, at the examination, may have received less than five-tenths of the maximum in any study, shall be rated deficient in that study.

6. If any student receive from his instructor less than five-tenths of the examination-maximum, without having been reported as below six-tenths during the term, or if any student, so reported, be marked five-tenths or more at the examination, his case shall be referred to a committee of three instructors, to be appointed by the President. This committee shall consider the student's papers, and may re-examine him through his instructors; it shall confirm or correct the mark first given, and its report shall be final.

7. No student who may be rated as deficient in more than two studies shall be permitted to advance with his class.

8. No such student shall be permitted to go back into the next class if he have seventy-five demerits, or if the Faculty deem him unable to master the course o that class by going over it a second time.

9. The cases of students who may be deficient in one subject, or in two subjects, shall be considered individually by the Faculty; and it shall be the duty of each Professor to call the attention of the Faculty to every student who may be very deficient in his department, in order that the Faculty may determine whether he shall be permitted to advance.
